

Using Cloud Library to download and view eBooks on your device

Download cloudLibrary apps at www.yourcloudLibrary.com

After you have downloaded and installed the cloudLibrary app, do the following to get started:

1. Tap the app icon.
2. Select a language.
3. Navigate to your library.
4. Supply your library card number and PIN tap **Login Now**.

Using the menus

Main menu

1. Toggles the blue menu on and off
2. Identifies the menu displayed on your device. In this instance, it is the featured menu.
3. Provides access to two functions: logging out and editing your library account.
4. Enables searches
5. Displays featured lists, which enables browsing by library-chosen titles
6. Displays titles for browsing in categories you've chosen, such as sports, health, crafts, etc.
7. Displays titles you have checked out, put on hold, and flagged for a future reference.

8. Displays your current cloudLibrary settings.
9. Provides access to filters.
10. Enables you to change the language the app displays

Browse menu

This menu enables you to browse for titles using your categories.

1. Provides access to your customized categories
2. Title types you can select to display
3. Menu from which to select categories for display

My Books menu

This menu displays the titles you have checked out, put on hold, or flagged.

1. Titles you currently have checked out or are available to borrow
2. Titles you have placed on hold
3. Titles you have flagged
4. Title return menu
5. Titles in your reading history (if your library has history enabled)

Book detail menu

Click a title from the Features or Browse menus or from a search to access the Book Detail menu.

Fear City

1. Share title information, which on Android devices will look like the following figure.
2. Flags the title for future reference
3. Displays title rating
4. Initiates book borrowing. **This button may also display hold if it has already been borrowed.**

Searching and browsing for titles

How to search for a title

1. From the Featured, Browse or My Books menus, tap the magnifying glass icon.
2. Enter a term in the search field.

3. Tap the **Search** key on the on-screen keyboard.

How to set up a filter

Filters enable you to limit the titles displayed on menus and from searches.

1. Click **Filters** on the main menu or swipe the right edge of the screen.
2. Use the Format and View menu entries to limit the titles displayed.

Suggestions for library is available only if the library enabled the feature.
