

Paint Creek Tavern

The Paint Creek Tavern was built on the current site as Brownie's Popcorn Stand in 1915. By 1930 the establishment had evolved into a beer garden and bar. It became known as the Paint Creek Yacht Club in the 1950's with its own membership cards.

As you walk into this charming, old-style tavern, the sign reads "Paint Creek Tavern—Still Open." The sign is a testament to the strong following that has made the blue clapboard building one of the most frequented taverns in town. The Paint Creek Tavern has been operating for more than 60 years and features more than 42 of the best beers in the country on tap. A very friendly and experienced staff create the easy going atmosphere that has made Paint Creek so popular. Outdoor seating in-season is a must, as the patio overlooks the Clinton River and Paint Creek trail that passes nearby. It offers a great menu and selection.
