

Pixley Funeral Home

The Pixley Funeral Home has been serving the Rochester community with compassion since 1921.

Four generations of the Pixley family have made serving families with exceptional dignity and care not only their profession, but their passion.

Both Pixley family and staff take great pride in our long term commitment to community service from involvement and support for organizations like the Rochester Hills Public Library, Crittenden Hospital, OPC, Rotary, Veterans, local churches and many more.

Because we know that serving others and being a good neighbor means caring about people, families and our city's past, present and future.
