

# Shelton Buick GMC

Shelton Pontiac Buick was started in March 1958 by C.M. "Bud" Shelton in the Village of Rochester located at 223 South Main (where the Fuse Restaurant is located today). It had a very small two car Showroom and eight service bays and had a Used Car Lot across the street. In 1963 Shelton bought 4 acres of property at the top of South Hill next to the old Crissman Chevrolet Dealership (in Avon Township) and built a brand new "state of the art" full service dealership. Today the dealership is under the leadership of Russ Shelton, the son of Bud Shelton.

Through the years this company has sold Pontiacs, Buicks, Vauxhalls, Opels and GMC Trucks. To-

day Shelton Buick GMC sells Buicks, GMC Trucks and GM Certified Used Vehicles. The Service Department offers full service on all GM Brands, including Saturn, Oldsmobile, Chevrolet, Cadillac and
